

## *Curriculum Vitae*

### **Brief Profile**

I have extensive knowledge of health care service and highly experienced in the delivery of individual care plans. I have been working in conjunction with community and local systems, demonstrating strong leadership qualities with the ability to conduct patient assessment, supervise the provision of safe and compassionate care and evaluate effectiveness. I work and act with integrity and in the best interests of

patients while ensuring compliance with policies to provide more efficiency in the delivery of operational excellence. I am a young, vivacious, quick learner, devoted team member, capable of adjusting to administrative responsibilities in any corporate organization and deadline-driven conditions, with adaptable interpersonal skills and the capacity to work under pressure with little supervision.
