CARRIER OBJECTIVES

To work both as a team player and as individual for the achievement of organization and institutional goals so as to learn new ideas and skills.

To develop and implement community-based health programs that improve health outcomes and reduce health disparities in underserved populations.

To become an expert in health education and health promotion, developing innovative programs and materials that empower individuals and communities to take control of their health as I grow to be a Health Entrepreneur.

To become a certified Community Health Nurse Leader (CHNL) and take on leadership roles in community health organizations and initiatives.

I seek to commit myself to the diverse ways I can constructively contribute to the attainment of the goals of the organization. I seek to upgrade myself in education for higher educational qualifications and recognitions
